Re: Edison Middle School, NW 62nd Street at Second Avenue
Santa Clara Elementary, 1051 NW 29th Terrace
Buena Vista Elementary, 3001 NW Second Avenue

Dear Mr. Laventure:

I am responding to your letter to Ms. Martha Taylor of August 6, regarding the above referenced schools. We have examined our files to determine their historic value.

All of the schools listed are considered historic by this office as they were all constructed prior to 1940. Two of the facilities, Edison Middle and Buena Vista Elementary, have been recorded in the Florida Master Site File and appear to be eligible for listing in the National Register of Historic Places. Any undertaking planned for these facilities must, by Floria statute, be reviewed by this office for its effect on the buildings.

I am enclosing copies of the Master Site File forms for your information and use. Please keep us informed as to the Board's intentions regarding these schools.

Very truly yours,

Walter S. Marder, AIA
Preservation Architect
